Greenville District, South Carolina
Alphabetical Index of Names
from the 1850 Federal Population Census, Agriculture Census, and Slave Schedules

Transcribed by Mel Odom
June, 2004

This index uses the 1850 Federal Population census as a reference to match the same or similar names found in the Agriculture Census and Slave Schedules. Federal census takers gathered information on population, mortality, industry, social statistics, and agriculture.

- The 1850 Federal Census recorded “The Name of Every Person whose usual place of Abode on the first day of June, 1850, was in this family”. 13,465 individuals were recorded in this census.
- The Agriculture Census recorded farm owners and operators. Operators did not necessarily own property and were often referred to as tenants. There were 1,271 individuals recorded in this census. A considerable amount of information can be found in this record about land usage, crops, livestock, and income.
- Slave Schedules list approximately 760 individuals who were recorded as slave owners. 6,691 slaves were recorded in these records but not by name.

This document should be used as a reference only.

Please refer to reproductions of the original census for complete information not included in this document. The interpretation and spelling of names are those of the transcriber and may or may not be accurate.

Individuals who could not be matched are listed at the end of the document.
